*Dedicated to growing and supporting
jazz in the Midlands*

We are a 501(c)3 non-profit
organization dedicated to
growing, supporting and promoting
jazz in the Midlands.

We do this through events, education,
recordings and advocacy to create a
thriving, culturally rich community.
Founded in 2014 by Executive Director
Mark Rapp, we aim to be the driving
beat in jazz education, performance,
and outreach — providing an
opportunity for all — from musicians
to students to fans.

Membership in Colajazz is an investment
in the continuation of this uniquely
American music. Your membership helps
to support live, on-air and online jazz
concert performances, jazz education,
outreach, free community concerts and
other jazz events and activities.
